RULES & REGULATIONS FOR STAND CONSTRUCTION

Building Regulations

To comply with local building regulations, detailed drawings of the stand must be submitted to the Organiser by the stipulated deadline for approval of the relevant government authorities and the Organiser to ensure that the interests of all exhibitors are observed.

The exhibiting company shall ensure the structural integrity of their booth design.

Fire Regulation/Covered Ceilings

Approval for covered ceilings in exhibition stands must be sought from the Fire Safety & Shelter Department through the organiser, and plans.

Floor Covering

The use of paint or other adhesives on the floor of the exhibition hall is strictly forbidden.

Hall Structure

In the construction of the booth, existing fixtures or walls may not be used in any way (e.g. nailing, wiring or fixing of items to any existing structure).

Backwall/Sidewalls

Except for "island" (4-sided open) booths, a back wall must be installed for every booth. The booth with the adjoining neighbour(s) must also be installed with the necessary sidewall(s).

Height Restriction

The permitted stand height is **2.5m**. The fascia panel fronting an aisle may be permitted to rise to 5m: where the depth of the fascia panel does not exceed 30mm. Any design for a structure exceeding 5m in height must be submitted for approval at least 8 weeks in advance and will be considered on a case-to-case basis. If approved, this structure (except the fascia panel) will be restricted to a distance of 1.5m away from the dividing walls of the adjoining stands. This restriction also applies to overhead structures suspended from the existing hall ceilings.

Booth in the exhibition hall – maximum height allowed: 4m.

(Subject to approval for booth drawings submission)

Rigging/Hanging Structure

There shall be **NO** rigging or hanging structure allowed unless approved. All structures must be built from the ground and be structurally sound and secure.

Open Frontage

All stands in the exhibition, irrespective of height, must have at least **50%** of any frontage facing an aisle left open, or fitted with transparent (clear see-through) material. This area must be left visibly free of obstruction.

Dismantling

At the close of the exhibition, it is the joint responsibility of the exhibitor and Official Stand Fitting Contractor to dismantle and remove the stand in accordance with the dismantling schedule specified by the Organiser. All debris and carpets must be cleared by the exhibitors and/or the Official Stand Fitting Contractor as per the tear-down schedule given by the Organiser. Failure to do so will result in the exhibitors being liable for service fees incurred.

Unforeseen Occurrences

In the event of any occurrence not foreseen in these Rules & Regulations, the decision of the Organiser shall be final.
